## Steering Council Meeting Minutes

Meeting Date: Thursday, April 7, 2022

Meeting Time: 6:38 PM – 7:27 PM

Attendees: Neal [facilitator], Kristen [minutes], Dave, Lyn, Mary, and Beth,

---

### Agenda Items:

1. Compost update [Beth]: Upped order from usual 5 cubic yards to 10. Members are worried that there wasn't enough, and as we're adding new beds we will need additional supply to go around. Originally budgeted at %434, which was under the \$500 threshold, but then COA offered free compost which we took instead. Compost was from our regular supplier Whittlesey's.
  
2. Rebuild [Kristen]:
  - a. Viking Fencing extended to July 11<sup>th</sup> – covered by grant
  - b. Remaining grant monies - \$6,887
  - c. Haul off options still TBD
  - d. 2 large plots are scheduled to be rebuilt on 4/23 or 24
  
3. Plot Reconfiguration Proposal [Dave]:

Request to re-revert position of his plot and Adam's to the original configuration. Neal says that's not a problem as the spacing in the old Teaching Garden allowed for either layout of 2 large plots [as Dave requested in 2021] or 3 small plots as originally proposed.

To-do:

Neal will redraw an updated plot layout for the far end per #3 and post on Steering Rally.
